

**ALWAYS**

© Belinda McArdle 2014

When we're chasing the storm I will love you  
How I will love you at each turning tide  
When you're running ahead I will love you  
Always in all ways I stand by your side  
Always in all ways I stand by your side

**Always – All Ways (Forever and Always)**

When we're giddy with sun I will love you  
How I will love you at each season's change  
When the shadows grow long I will love you  
Always in all ways in every age  
Always in all ways in every age

**Always – All Ways (Forever and Always)**

I offer you this  
in loving witness  
I offer you this  
Through all of our trials and our joy and our bliss

**Always – All Ways (Forever and Always)**
