

Crescent Moon

(c) Belinda McArdle 2012/3

All the stars are out and I am fancy free
There's a crescent moon
Smiling back at me
I see love in the skies in the skies in the skies
In the skies in the skies
Bah bah bah bah bah bah bah----ah

There's a firefly darting round with glee
And a shooting star
Flying hopefully
I am out for delights for surprise for surprise for
delights and surprise
Bah bah bah bah bah bah bah----ah

Doo- doo doot

Doo-doo – doot

Doo – doo – doot

Doo Doo Doo Doo Doot x 4

Fly _____ a wish is born to fly

Fl-y-y _____ a wish is born to fly

Fly too soon

All the stars are out and there's a gentle breeze
Oh the crescent moon
Let's my young heart breathe
I will wish for reprise of tonight where the music is
mine and divine
Bah bah bah bah bah bah bah----ah

Chorus

All the stars are out and I am fancy free
There's a crescent moon
Smiling back at me....(slide UP then down)

About the Song

Nadine Joy asked me to fill for her as a voice teacher with her jazz students for a couple of weeks. I wanted to make up a song that sounded jazzy - and this took a couple of years to finish.
